Senior Request for Off-Campus Periods or Early Graduation

Student Name: _____

FLEX Periods:

NCHS seniors may be eligible for off-campus periods. Students may elect to have as many as **two** flex-periods—one each semester or two in one semester. Early graduates may be eligible for **one** off-campus period.

Please note:

- Students must earn a minimum of three credits in the fall semester to remain eligible for athletic participation in the spring semester.
- Colleges & Universities review the class choices for senior year, which are included on the transcript they receive with applications. Rigor of senior year courses is strongly considered in the admission decision.
- Students must provide their own transportation and are not allowed on campus during free periods.
- Flex period requests are **not guaranteed** and are granted only when it works with the student's schedule.

Early Graduation:

Seniors may graduate after the first semester if all graduation requirements have been met.

- It is the student's responsibility to know the courses he/she needs for graduation and to ensure that he/she is passing the required options. The counseling staff will work to monitor this, but often will not know final grades until the second term has begun. If a senior fails a needed course, it is their responsibility to initiate registration for the second term.
- Early graduates are **not** eligible to participate in school clubs or sports during the second semester.
- Early graduates **may attend** Prom and participate in graduation ceremonies. Contact the front office for information about these events in the spring. All graduation rehearsals are mandatory.
- Early graduates are **not** permitted on campus during second semester without first checking in at the main office.
- Early graduates should be mindful that high school first semester classes are still in session when colleges/community colleges begin their second semester. Students are responsible for coordinating this with their future college.
